Árangursmælikvarðar	There are a lack of events this summer / also due to COVID-19. People at the campground, and travelling in the summer need some entertainment.
Lokafurð (hver verður lokaafurð verkefnisins, hver verður ávinningur samfélagsins?)	The benefit for the community will be that will also have entertainment. With the indicators at the moment, many local's will be travelling around the island this summer, because they will not be able to travel out. We want Langanes and the area to stand out. It will also be very good for some of our local musicians and people to be able to show off their talent.
